# APEXCARE INDIA EMPLOYEE HEALTH BENEFIT PROGRAMME (AIEHBP)
# CORPORATE STANDARD PLAN - SCHEDULE OF BENEFITS AND LIMITS

Demonstration Version 1.0 | Effective date: 01 April 2026
Document code: AIEHBP-BEN-002
Primary audience: Members, HR, pricing and claims teams

FICTIONAL TRAINING DOCUMENT - NOT AN INSURANCE CONTRACT. This document is a synthetic example created for software development, retrieval testing, and claims-workflow demonstrations. A real insurer, employer, TPA, legal team, medical team, and compliance function must review and approve all wording, benefits, timelines, forms, and regulatory references before operational use.

Document-control rule: cite the document code, section, clause, page, and version in every decision.
Interpretation rule: the signed policy schedule and endorsements override this demonstration text.

## 1. POLICY SCHEDULE SNAPSHOT

This schedule supplies the numerical terms used by the demonstration plan.

BEN-1.1 Policyholder
ApexCare Demonstration Services Private Limited; fictional corporate policyholder.

BEN-1.2 Covered population
Accepted employees, spouse or declared partner, up to two dependent children, and enrolled parents or parents-in-law where shown on the member certificate.

BEN-1.3 Base sum insured
INR 500,000 family floater per policy year for employee, spouse and children. Enrolled parents or parents-in-law use a separate INR 300,000 parental floater.

BEN-1.4 Geography
Treatment in India only, except emergency stabilization outside India when a signed endorsement explicitly activates international emergency cover.

BEN-1.5 Deductible and base co-pay
Employee family: NIL deductible and NIL base co-pay. Parent floater: twenty percent co-payment on the admissible amount.

## 2. BENEFIT TABLE

Each benefit is subject to exclusions, waiting periods and available balance.

BEN-2.1 In-patient hospitalization
Up to available sum insured. Condition: Core hospitalization under POL-3.

BEN-2.2 Room rent
Single private room up to INR 7,500 per day. Condition: Suite and deluxe upgrades are member choice. Proportionate deduction applies only as described in BEN-3.

BEN-2.3 ICU
Up to INR 15,000 per day. Condition: Subject to clinical necessity; no deduction when the only available ICU exceeds the limit during documented emergency.

BEN-2.4 Pre-hospitalization
30 days. Condition: Same condition as admissible hospitalization.

BEN-2.5 Post-hospitalization
60 days. Condition: Same condition as admissible hospitalization.

BEN-2.6 Road ambulance
INR 5,000 per hospitalization. Condition: Emergency transport to nearest suitable hospital.

BEN-2.7 Day-care procedures
Up to available sum insured. Condition: No fixed exhaustive list; necessity and hospital infrastructure must be established.

BEN-2.8 AYUSH hospitalization
Up to INR 100,000 per year. Condition: Recognized in-patient facility; spa and wellness services excluded.

BEN-2.9 Domiciliary hospitalization
Up to INR 100,000 per year. Condition: Requires criteria in POL-4.6 and daily records.

BEN-2.10 Organ donor hospitalization
Up to INR 200,000 per event. Condition: Recipient must be insured and transplant admissible.

BEN-2.11 Maternity normal delivery
INR 60,000 per delivery. Condition: Nine-month waiting period unless employer endorsement waives it.

BEN-2.12 Maternity caesarean delivery
INR 85,000 per delivery. Condition: Includes routine newborn care within the combined maternity limit.

BEN-2.13 Newborn complications
Additional INR 100,000. Condition: Available from birth after timely notification; subject to enrollment.

BEN-2.14 Mental healthcare hospitalization
Up to available sum insured. Condition: Same medical necessity and documentation standards.

BEN-2.15 Modern treatment methods
Up to fifty percent of base sum insured. Condition: Includes listed robotic surgery, oral

chemotherapy and other approved methods when medically necessary.

BEN-2.16  Cataract
INR 50,000 per eye. Condition: Includes lens, procedure and related admission charges.

BEN-2.17  Joint replacement
INR 250,000 per joint. Condition: Implant invoice and sticker required when an implant is billed.

BEN-2.18  Emergency dental due to accident
INR 25,000 per accident. Condition: Natural teeth damaged directly by covered accident; routine dental care excluded.

## 3. ROOM-RENT AND PROPORTIONATE DEDUCTION

Apply this calculation only after confirming the selected room exceeded entitlement.

BEN-3.1  Ratio

Room eligibility ratio equals eligible daily room limit divided by actual daily room charge, capped at one hundred percent.

BEN-3.2  Related variable charges

The ratio may apply to room-linked nursing, surgeon, physician and operation theatre charges only when the provider tariff demonstrably varies by room category.

BEN-3.3  Protected charges

The ratio must not reduce medicines at MRP, implants with regulated price, diagnostics with fixed tariff, ambulance, or another charge not linked to room category.

BEN-3.4  Waiver conditions

No proportionate deduction applies when no eligible room was available in a documented emergency or when the schedule endorsement waives the room restriction.

## 4. WAITING PERIODS

Waiting periods are counted from the member continuous coverage date and may be modified by endorsement.

BEN-4.1  Initial waiting period

Thirty days for illness claims. The initial waiting period does not apply to accidental injury treatment.

BEN-4.2  Specified conditions

Twenty-four months for cataract, hernia, piles, sinusitis, gallstones, kidney stones, hysterectomy for non-malignant conditions, and joint replacement unless caused solely by an accident.

BEN-4.3  Pre-existing disease

Thirty-six months of continuous coverage unless waived or reduced by endorsement.

BEN-4.4  Maternity

Nine months unless waived by employer endorsement.

BEN-4.5  Continuity credit

Prior continuous coverage credit must be verified from accepted evidence and applied according to the endorsement and applicable rules.

## 5. RESTORATION AND AGGREGATE CONTROLS

Restoration prevents avoidable exhaustion but does not erase sublimits.

BEN-5.1  Restoration amount

One restoration of one hundred percent of the base family floater may activate after partial or full exhaustion during the policy year.

BEN-5.2  Use conditions

Restored balance may be used for a later hospitalization. It cannot be used for the same hospitalization and does not replenish maternity, cataract, AYUSH or another benefit-specific annual sublimit.

BEN-5.3  Carry forward

Unused restoration expires at policy-year end and cannot be carried forward or converted to cash.

## 6. NON-PAYABLE AND ADMINISTRATIVE ITEMS

Line-item review must distinguish exclusions from charges already included in another tariff.

BEN-6.1 Personal convenience

Guest meals, attendant bed without covered allowance, telephone, television, toiletries and personal comfort items are not payable.

BEN-6.2 Duplicate billing

A line item included in a package, room tariff or procedure charge cannot be paid again.

BEN-6.3 Registration and record charges

Routine registration, admission kit, photocopy and medical record charges are not payable unless legally mandated and expressly included.

BEN-6.4 Consumables

Medically necessary consumables are assessed under the policy and provider package. A blanket deduction without line-item rationale is prohibited.

## 7. WORKED CALCULATION EXAMPLES

Examples illustrate method and do not override policy text.

BEN-7.1  Parent claim

Admissible expense INR 200,000 less parent co-pay twenty percent INR 40,000 produces payable INR 160,000, subject to available parent floater.

BEN-7.2  Maternity claim

Eligible caesarean expenses INR 110,000 are limited to the INR 85,000 maternity sublimit unless newborn complication benefit separately applies.

BEN-7.3  Cataract claim

Eligible expense INR 72,000 for one eye is capped at INR 50,000 after non-payable items; available base sum insured must also remain.

BEN-7.4  Insufficient balance

Calculated admissible expense INR 140,000 with available balance INR 90,000 pays INR 90,000 unless restoration validly activates.
